Give three observations / suggestions to improve the overall teaching – learning experience in your institution.

- Use better graphics and visual media to engage students well. Try to reach every student and ask for their doubts. Make teaching a two-way interaction.
- They should mainly focus on what actually Industries' in and what they want. Give a Practical knowledge like visiting in a Particular site for Examine by which they can Easily understood how the actual work is being done.
- They should train like they are now job ready for any position according to their specialization. Thank to institute and teacher for providing an opportunity to express us about institute and Honourable teachers
- It was wonderful learning experience. Thank You to all teachers. Teaching Staff is very good and co-operative.
- There should be a proper backup if there is some network issue. Whatever data is been shared is very useful for reference. Stable Internet connectivity and please provide the placement for students.
- Very good teaching and learning method conducted in college. Very supportive teachers.
- Unable to understand the potential in the individual. show empathy n motivate more.
- Make it more practical and please available an internship opportunity to students for their better future
- All good

- Improve Effective Course Content. Give some practical knowledge. Give personalized Guidance
- Placement and mock interview practice arrange from institute. Stable internet connectivity.
- More explanation to acquire the concept because students belong from different fields.
- Placement should be done in college. Students should be given notes on the relevant topics to read before teaching.
- Teachers teach already solved problems in excel with answer no guidance is given from that teacher to solve the problem.
- Internet issue is also more in college. Subject CS was not taken by faculty. Faculty teach old cases like satayam no new cases are took
- Faculty should give industry example but the faculty is giving farsan and roti making example in SM. Faculty should provide basic understanding of concepts
